EDUCATION

IIIT DHARWAD

Indian Institute of Information Technology
Jul 2024 | Dharwad, Karnataka, IN

BS IN COMPUTER ENGINEERING

Bachelor Of Technology
CGPA: 7.41

EDMERIT HS

Indore, MP
High School Diploma
Graduated May 2020

SKILLS

PROGRAMMING

Experienced:

C++ • Python • JavaScript • HTML/CSS •
Rust • Solidity •

TECHNOLOGIES/Frameworks

NodeJs • NextJs • ReactJS • ExpressJs •
MongoDB

COURSEWORK

SOFTWARE

Object Oriented Programming
Software Engineering Tools Lab (BASH &
Python 3)
Data Structures
Programming in Python
Advanced C Programming
Compilers

HARDWARE

ASIC Design
Microcontroller Design/Interfacing
Digital Computer Design & Prototyping
Electronic Circuit Analysis & Design

EXPERIENCE

GEEKSFORGEEKS | TEACHING ASSISTANT

Feb 2024 – Mar 2024 | Remote

- Assisted **100+** users weekly in resolving Data Structures and Algorithms (DSA) problems, improving problem-solving skills by **30%**
- Collaborated with **5** course instructors to create and refine educational materials, increasing course engagement by **25%**
- Conducted **12** virtual workshops and discussions, enhancing learner understanding of DSA concepts

CLOUDBLOOM | JR. SOFTWARE DEVELOPER INTERN

Apr 2024 – Present | Bangalore

- Contributed to front-end and back-end development of a Learning Management System (LMS), impacting **1000+** users with improved interface and functionality
- Implemented **10** new features that enhanced user experience and system efficiency, leading to a **15%** increase in user satisfaction
- Resolved **50+** bugs and performed code refactoring, resulting in a **20%** boost in performance and maintainability
- Leveraged modern web technologies and frameworks to develop scalable solutions, decreasing deployment time by **40%**

PROJECTS

FULLBACKEND - BACKEND FOR MULTIMEDIA SITE

NODEJS, EXPRESSJS, MONGODB

- Implemented secure user authentication and authorization mechanisms using JWT, enhancing security for users
- Utilized Cloudinary for efficient media storage, reducing load times by **35%**
- Optimized MongoDB queries and added indexing, improving database performance by **50%**

COINME - CRYPTO-STATUS TRACKER

NEXTJS, REACTJS

- Managed route navigation using React Router, ensuring smooth transitions and user experience
- Incorporated rechart-react library to provide interactive visualizations, aiding users in analyzing past coin performance

ACHIEVEMENTS

Selected as Regionalist for ACM ICPC'23
Top **0.9%** on Leetcode with highest rating of **2238** (Guardian)
Codeforces Expert with highest rating of **1653**
CodeChef 4-Star with highest rating of **1911**
Ranked **425** at Codeforces Edu R-160 (top **16,000** competitive programmers)
Ranked **3rd** at GfG Job-a-Thon 26 (top **3,500** competitive programmers)
